Fall-Winter 21/22

DENNY ROSE

La collezione Denny Rose A/W 21-22 nasce dal desiderio di vestire con maggiore femminilità e unicità una donna dal fascino dinamico e in evoluzione.

Questi capi riflettono un animo pieno di ottimismo in reazione a un momento di forte cambiamento globale a cui ci siamo approcciate rimarcando i nostri tratti distintivi.

L'intento è stato quello di "plasmare" e al contempo "reinventare" un guardaroba che sappia raccontare questo periodo, cercando di veicolare i nostri "must" in un sistema moda sempre più esigente e funzionale ai bisogni del cliente finale.

Prevale quindi la personalità espressa a pieno nelle forme e nel mix accattivante dei colori, restituendo un'immagine versatile nell'accezione più "Global-Metropolitan" del termine.

La palette cromatica di questa stagione si dispiega dai toni dei White Ivory, miscelati ai pastelli come gli azzurri Dusty-polvere, i Malva Green e acqua, i rosa cipria e quarzo, mossi da colori di taglio, volutamente più brillanti e decisi, come il fucsia, il rubino, il Lemon Curry e il Peacock Blue.

E' una gamma vivace, che crea un ritmo armonioso nel guardaroba invernale.

Le linee disegnate rispondono a 360° alle svariate esigenze presenti nella quotidianità, tenendo in maggiore considerazione una praticità e poliedricità nell'utilizzo.

Si è cercato di semplificare le forme, senza rinunciare al nostro gusto inconfondibile, impreziosendo i capi con personalizzazioni e dettagli metallici logati.

I modelli sono comunque "strutturati" e mantengono una tendenza Trendy e audace: gli abiti hanno silhouette estremamente femminili e ridisegnano la naturale anatomia, riportando trasparenze, arricciature e scollature più o meno esibite.

Così i capispalla e in particolare le giacche, conservano uno stile deciso e mai banale nella confezione.

Dalle tinte unite ai check più originali, possiamo dire che la proposta è davvero molto variegata.

Un nuovo livello di consapevolezza, dettato da questo momento storico, porta a scelte ancora più "Green", attente e mirate nella selezione dei tessuti e dei filati.

La viscosa ha infatti una predominanza consistente: la troviamo nelle flanelle, nel cupro "mano pesca", nel Punto Milano, nel Galles bicolor e persino nella felpa e nella sezione Jersey, dove abbiamo sviluppato anche una piccola capsule di t-shirt misto seta.

La lana è presente nella composizione dei panni dei cappotti e nel Bouclé.

Abbiamo inoltre inserito, per la prima volta in collezione, il Poliestere Riciclato che ritroviamo nei modelli di georgette stampata e nel crépon.

Questo è appunto un materiale che, pur mantenendo le caratteristiche tipiche della fibra di ottima praticità e brillantezza nella risoluzione dei colori, ha un impatto decisamente più contenuto sull'ambiente.

E in clima di sostenibilità e rinnovamento, è sorta spontanea la volontà di cambiare veste anche al packaging di collezione: dalle grucce 100% recycled polystyrene, ai cartellini ridisegnati nella forma tonda a fondo nero con logo rosa orchidea, il progetto è stato concepito in chiave eco-friendly.

Di grande effetto visivo sono anche le stampe e le fantasie proposte per questa stagione, quasi interamente ideate dal nostro ufficio grafico.

Passando dai classici macro check declinati nei colori rubino e polvere, i Galles bi-color pink/black e le macule stampate su paillettes, il team creativo ha ideato stampe a disegno floreale nei toni tenui dei burro, azzurri pastello e rosa.

Nel tema “Writing” abbiamo una stampa a stelle effetto “camouflage” con logo a ripetizione all-over, scritte a modi manoscritto “Love Edition” monocolori, e cuoricini pop logati “I love Denny”.

Infine un disegno decò, che ricorda i motivi quadrati multicolor a crochet, simula i ricami a filo fatti a mano.

I capi di maglieria e gli Accessori, borse e cinture, sono a complemento dei look e arricchiti anch'essi dalle personalizzazioni metalliche.

Novità di questa collezione è la Capsule di Scarpe che presenta una buona varietà di modelli e colori facilmente abbinabili all'interno della nostra proposta fashion.
